

Non-Domestic Vacant Rating (NDVR) Declaration Guidance Notes

A property is considered vacant for rating purposes if it is unoccupied, unfurnished and not used for storage.

Vacant rates are not payable for a property with a Net Annual Value (NAV) of less than £2,000.

For properties with a NAV of £2,000 or more, rates are not payable for three months from either the date on which a non-domestic property becomes vacant or, in the case of a property which has never been occupied such as a new build, the date on which Land & Property Services (LPS) has determined the property to be completed.

After the three month period has ended, rates will be assessed at 50 per cent of the normal occupied amount until the property becomes occupied. Please note the property must be occupied for a minimum of six weeks before there is an entitlement to another three month free period.
